Addressing destructive deployment practices in local government

A ‘whole of society’ dialogue with political parties, government and civil society

Friday, 3 December 2021 (09:00 – 11:00)

Save the date – details to follow

Our research shows that **Ethical leadership is undermined by appointing municipal officials based on political connections rather than skills.**

As newly elected councils are beginning their term, many will be looking to appoint new senior management, making this discussion all the more timely.
